Action Range Status: Approximately 90% of the earthwork for the action range has been completed and the posts have been set for the lower berm privacy fence. Additional earthwork entails adjusting range grades to 1% and adding 3-4 inch cover of stone. In addition, an exit road will be cut and stone will be laid for parking areas. This work should commence in the next two weeks and be completed by Mid-Sep. After this is completed, we will be forming and pouring concrete firing slabs and erecting covered firing areas at 25yd and 50 yd lines. We anticipate shooting events will commence on the new range in Oct 2011.

Work Party: Our next work party is 17 Sep, commencing 0900 hrs. We will work till noon and then eat lunch. Projects include:

1. Complete fence on action range. We need members to bring: compressors, generators, extension cords, chop saw, pneumatic staplers, 1¹/₂ inch crown staples, screw guns, chargers, T25 and T20 Torx/Stardrive bits, large tube caulking guns, post hole diggers, tampers, shovels, level, buckets. Contact Tim Spivak (<u>tspivak@va.metrocast.net</u>) if you plan to bring a generator, compressor, pneumatic tools so we can coordinate.

2. Frame for concrete slabs. Bring hammers, level, shovel, tape measures, nails, screw guns.

3. Storm cleanup. Bring chain saws, wackers, trimmers, etc.

Food: Looking for volunteers to help buy and cook food – Please contact Tim ASAP if you can help. Call me or email tspivak@va.metrocast.net if you can help (540) 775-4561.

Range Safety Notes

<u>Please stay off the line during a "CEASE FIRE"</u>, some folks are still remaining on the line while others are down <u>range, rules are explained below</u>. During work parties all ranges are closed, all fire arms are to remain in your vehicle until after the monthly meeting.

I would like to remind everyone to please take the time to go over the range rules below with guests that you might bring to the range before engaging in actual shooting.

During casual shooting always appoint someone as Range Safety Officer (RSO); if you are the first person on the range, you are it. When you leave the range, turn the RSO duties over to someone else. **EVERYONE keep in mind, when a** "CEASE FIRE" is called, unload your weapon, lay the weapon on the bench with the action open and step away from the line, NO ONE is to touch anything on the firing line until the range is "HOT". KEEP THE MUZZLE DOWN RANGE AT ALL TIMES WHILE ON THE LINE; POINTED AT THE GROUND, UNLOADED, WITH THE ACTION OPEN IF UNCASED WHEN MOVING TO AND FROM YOUR VEHICLE OR A DIFFERENT FIRING POSITION.

Target frames are to be used for holding target backers, not clay pigeons, cans plastic bottles, balloons etc. Staple balloons to target backers if you shoot balloons, hang plastic bottles, etc. with a string from a cross member. DO NOT

lean anything against an upright to shoot at, build your own frame and set up in front of a berm, be sure that your rounds impact the berm. No cross firing on the ranges, shoot at the target directly in front of you, do not shoot into the ground or into standing water.

TAKE YOUR TRASH WITH YOU WHEN YOU LEAVE.

If you remove stools or benches from under the covered part of the line please put them back when finished. Someone put time and effort into building this equipment for the club, **YOUR CLUB**, so take care of **YOUR** stuff.

If you see anyone deliberately destroying club property, report the person or persons to any one of the Executive Committee or any member of the Facility Board.

Remember, there are extra gate locks in the ammo can located in the lower left compartment the target shed on the lower ranges.

Seth Rinaldi Chief Range Safety Officer

If you are interested in getting involved in CAS, give me a call (540) 775-4561 or email <u>tspivak@va.metrocast.net</u>.
