Notes from the President

This month I have a question for the entire membership. Do you think our club is getting close to have too many members? The total right now is fast approaching 400. It is getting to be a big workload to process renewals along with new memberships. I have gone to the ranges several times this winter and there is always a good crowd on the line. I feel it would be responsible to everyone if we put a cap on membership.

Next month I want to put out a questionnaire to get as much feedback as possible. Everyone's participation is highly encouraged and a vote either yeah or nay is all that's required. Comments will also be appreciated.

I am also making a change to the operation of the lower ranges during scheduled events. Three events each month take place on the lower ranges; IR 50/50 benchrest match, Ball & Patch muzzle loading, metal silhouette match and a Cowboy match. The ranges will not be closed for any of these matches. I just hope that non-participants can be courteous and abide by event range officers of the day.

Let's make NVGC an enjoyable place to shoot.

Perry Fridley President NVGC

Range Safety Notes

If you choose to shoot while a match is in progress, you are required to follow the match rules that are in effect. Most matches ate timed events, be sure you have enough targets out to keep you busy between cease fires.

Due to neighbors complaining about someone setting off explosives on the ranges, "**EXPLODING TARGETS**" are prohibited. If someone thinks that the club is setting off explosives on the property and reports the incident to law enforcement, we could come under some intense scrutiny by local authorities, and the BATF. I understand that one of the plastic chairs was destroyed during this incident; destroying club property is grounds for dismissal.

I would like to remind everyone to please take the time to go over the range rules below with guests that you might bring to the range before engaging in actual shooting.

During casual shooting always appoint someone as Range Safety Officer (RSO); if you are the first person on the range, you are it. When you leave the range, turn the RSO duties over to someone else. **EVERYONE keep in mind, when a** "CEASE FIRE" is called, unload your weapon, lay the weapon on the bench with the action open and step away from the line, NO ONE is to touch anything on the firing line until the range is "HOT". KEEP THE MUZZLE DOWN RANGE AT ALL TIMES WHILE ON THE LINE. WHEN MOVING TO AND FROM YOUR VEHICLE OR A DIFFERENT FIRING POSITION WITH AN UNCASED WEAPON, KEEP THE WEAPON UNLOADED, WITH THE ACTION OPEN, MUZZLE POINTED AT THE GROUND, FINGER OFF OF THE TRIGGER.

Target frames are to be used for holding target backers, NOT clay pigeons, cans plastic bottles, balloons etc. Staple balloons to target backers if you shoot balloons, hang plastic bottles, etc. with a string from a cross member. DO NOT lean anything against an upright to shoot at, build your own frame and set up in front of a berm, be sure that your rounds impact the berm. No cross firing on the ranges, shoot at the target directly in front of you, do not shoot into the ground or into standing water.

TAKE YOUR TRASH WITH YOU WHEN YOU LEAVE.

If you remove stools or benches from under the covered part of the line please put them back when finished. Someone put time and effort into building this equipment for the club, **YOUR CLUB**, so take care of **YOUR** stuff.

If you see anyone deliberately destroying club property, report the person or persons to any one of the Executive Committee or any member of the Facility Board.

Remember, there are extra gate locks in the ammo can located in the lower left compartment the target shed on the lower ranges.

Seth Rinaldi Chief Range Safety Officer

Hunting Safety Note

The following disturbing report recently was brought to my attention.

A gun club member was target shooting at the rifle range in the November-December, 2011 timeframe when he saw someone walking across the railroad right of way behind the range. He immediately stopped shooting and investigated the situation. As it turned out, the person whom he saw had been hunting, had parked at the intersection of the club driveway and the railroad right of way, and when he finished hunting he foolishly walked back along the railroad right of way while someone was target shooting. Furthermore, this hunter pled ignorance when confronted with the obvious error of his ways.

Now, since all NVGC members in our hunting program sign the Hold Harmless Agreement and are cautioned verbally to avoid the range impact area, I assume that this wayward wanderer was a trespasser on our property and not a gun club member. However, should a similar incident involving a club member ever be reported to me in the future (and the purpose of this message is to help ensure that it never does), it will be handled with the utmost seriousness. The transgressor could suffer, other than the possibility of injury or death from a gunshot wound, up to expulsion from the club. Repercussions for the club, should someone be injured or killed, would be unpredictable but very likely disastrous. Therefore, I strongly urge everyone to heed this message and avoid the range impact area.

Thank you.
