Range Safety Notes

I would like to remind everyone to please take the time to go over the range rules below with guests that you might bring to the range before engaging in actual shooting.

The brows at the top of the 25 yard pistol range are to catch any errant bullets that might leave the range; this device is NOT to be used as a target. The same type of device will be installed at the 100 yard berm this year.

During casual shooting always appoint someone as Range Safety Officer (RSO); if you are the first person on the range, **you** are it. When you leave the range, turn the RSO duties over to someone else. **EVERYONE keep in mind, when a "CEASE FIRE" is called, unload your weapon, lay the weapon on the bench with the action open and step away from the line, NO ONE is to touch anything on the firing line until the range is "HOT". KEEP YOUR MUZZLE DOWN RANGE AT ALL TIMES WHILE ON THE LINE; POINTED AT THE GROUND, UNLOADED, WITH THE ACTION OPEN IF UNCASSED WHEN MOVING TO AND FROM YOUR VEHICLE OR A DIFFERENT FIRING POSITION.**

Target frames are to be used for holding target backers, not clay pigeons, cans plastic bottles, balloons etc. Staple balloons to target backers if you shoot balloons, hang plastic bottles, etc. with a string from a cross member. DO NOT

lean anything against an upright to shoot at, build your own frame and set up **in front** of a berm, be sure that your rounds **impact the berm. No cross firing on the ranges, shoot at the target directly in front of you.**

TAKE YOUR TRASH WITH YOU WHEN YOU LEAVE.

If you remove stools or benches from under the covered part of the line please put them back when finished. Someone put time and effort into building this equipment for the club, **YOUR CLUB**, so take care of **YOUR** stuff.

If you see anyone deliberately destroying club property, report the person or persons to any one of the Executive Committee or any member of the Facility Board.

Remember, there are extra gate locks in the ammo can located in the lower left compartment the target shed on the lower ranges.

Seth Rinaldi
Chief Range Safety Officer
